

Web Audio Conf 2018

September 19-21, 2018

Sponsor information

The Web Audio Conf is going into its 4th installment in 2018. After London, Paris, and Atlanta, this year the conference will take place in Berlin for the first time. Berlin is home to attendees from both academia and the music industry and has manifested its importance in the Web Audio community over the last three years. As a sponsor, you will have excellent opportunities to connect with talented audio developers, advertise your products, and support a burgeoning creative community.

The conference consists of two days of talks, one banquet (with speakers and attendees), a concert, demo sessions, and a full day of workshops and tutorials. Talks, demos, and workshops will be held at the Technische Universität Berlin. The concert will take place at SoundCloud. You can get a feel for the event by visiting last year's conference page here: <http://wac.eecs.qmul.ac.uk/>

Sponsors will be mentioned on the conference website, administrative slides during the conference, and other informational material (e.g. promotional banners at the conference and at the concert). Depending on the type of plan you choose, your logo will be more or less prominent.

These are our different sponsorship packages:
